Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you are asleep at night, and then turn it off. Apply a match in the morning, when you get out of bed, and you have heat while you dress. Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off. The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off. The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off. The

PERFECTION
SMOKELESS
OIL HEATER
Absolutely smokeless and odorless

is invaluable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the font. It has an automatic-looking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant. The burner body or gallery cannot become wedged, and can be quickly unscrewed for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

SUGAR TRUST MADE DEFENDANT IN SUIT

Trust Is Alleged to Violate Sherman Act Combination.

SHERMAN ACT VIOLATED

Suit Is Expected to Rank in Importance With Those of Standard Oil Company and the American Tobacco Company, Now Pending.

A dispatch from New York says: The federal government has begun one of its most important actions against great corporations, which are alleged to have violated the Sherman anti-trust law. Henry A. Wise, United States district attorney, filed in the United States district court for the southern district of New York a petition asking for the dissolution of the American Sugar Refining company and twenty-nine other corporations, which compose the so-called sugar trust. The petition charges an illegal combination in restraint of trade and asks from the court relief in whatever form may be necessary, including a receivership if deemed advisable.

The thirty companies composing the sugar combine have an aggregate capitalization of \$230,000,000 and control a large percentage of the output of sugar in this country. The combine is able, the government alleges, to fix prices arbitrarily. The petition charges that for years the companies have violated the law and have oppressed competitors and ground them out of existence. Railroad rebates and customs frauds are mentioned as devices which were employed to raise the combine to the commanding position which it occupies at present.

The present suit, which is estimated will be in the courts for two years before a final adjudication is reached, is the result of many weeks of preparation. District Attorney Wise made his investigation under the directions of Attorney General Wickersham and spent several days in Washington in conferring with the attorney general on the final plans.

The suit is expected to rank in importance with those of the government against the Standard Oil company and The American Tobacco company, which are now pending in the supreme court.

PRIZE RING FATALITIES.

Unprecedented Number of Deaths During Year 1910.

In all the history of the prize ring, from Tom Cribbs' time down to the present time, there has never been recorded in a single year anything approaching the number of deaths directly due to boxing contests that have occurred thus far this season.

The death at Presque Isle, Maine, of Billy Dunning, one of the few boxers who could point to a draw with Jack Johnson, the world's heavyweight champion, made the sixteenth fatality in the prize ring in 1910, while there are at least two other boxers now lying at this point in hospitals, one being the veteran, Andy Daly, famous ten years ago.

These fatalities of the prize ring have extended from the eastern coast of Maine to the Pacific ocean, and as far south as Bluefields, Nicaragua, where a corporal in Uncle Sam's service met his death in a friendly contest with the gloves. In the past, two or three deaths in a season from boxing have been sufficient to attract general attention, while many years not a single fatality has been reported.

The total of sixteen to date in 1910 is unprecedented. In the majority of instances the victims have been experienced boxers, whose injuries were received in scheduled bouts, before recognized "fight clubs."

DR. WARREN DIES.

Rector of Trinity Church, New Orleans, Passes Away.

Rev. Dr. Beverley E. Warner, rector of Trinity church of New Orleans, and one of the best known Episcopal clergymen of the country, died at his home in that city Sunday. The immediate cause of his death was heart failure, following a brief attack of la grippe. The announcement from Trinity pulpit to the congregation that their pastor was dead brought forth a touching manifestation of grief, men and women weeping audibly.

Dr. Warner was born in Jersey City, N. J., October 14, 1855. He was ordained a minister of the Protestant Episcopal church in 1879. He was for some years rector of St. Stephen's church in Philadelphia, and had been pastor of Trinity church, New Orleans, for many years. In addition to his attainments in the church, Dr. Warner was well known as an author on literary and sociological topics. Among his writings are:

"Friedrich Wietze," a novel; "England, Germany and Switzerland's Place," and "The Young Man in Modern Life."
